

# IMMUNIZATION RECORDS

## 1. Summary of Chapter 1176/77

Health and Safety Code Division 4, Chapter 7, § § 3380 - 3390 as added by Chapter 1176, Statutes of 1977, provides uniform requirements for immunization of students prior to entering private or public elementary, secondary school, or other specific institutions. In addition, the governing authority of the school or specified institution is required to maintain immunization records on each student and file a written report on the immunization status of new entrants to the school or institution with the State Department of Health Services at times and on forms prescribed by the Department. Chapter 415, Statutes of 1995, has revised the numbering of § § 3380 - 3390 to § § 120335 - 120380.

On June 20, 1979, the Commission on State Mandates determined that Chapter 1176, Statutes of 1977, resulted in state mandated costs which are reimbursable pursuant to Part 7 (commencing with Government Code § 17500) of Division 4 of Title 2. In addition, on July 28, 1988, the Commission determined that reimbursement of Chapter 1176, Statutes of 1977, costs shall be pursuant to the State Mandates Apportionment System.

## 2. Eligible Claimants

Any school district (K-12) or county office of education that incurs increased costs as a result of this mandate is eligible to claim reimbursement of these costs.

## 3. Appropriations

Claims may only be filed with the State Controller's Office for programs that have been funded in the state budget, the State Mandates Claims Fund, or in special legislation. To determine if this program is funded in subsequent fiscal years, refer to the schedule "Appropriation for State Mandated Cost Programs" in the "Annual Claiming Instructions for State Mandated Costs" issued in September of each year to county superintendents of schools and superintendents of schools.

## 4. Types of Claims

### A. Entitlement Claims

This program has been included in the State Mandates Apportionment System (SMAS). SMAS is a process where a claimant receives an annual apportionment, reflective of the program's costs, without further filing of reimbursement claims. A claimant is eligible to be included in the process after having established a SMAS base year entitlement for the program. The State Controller's Office determines a base year entitlement by averaging the claimant's actual costs for any three consecutive fiscal years. The actual costs are first adjusted according to any change in the implicit price deflator. With an established base year, the claimant will receive annual payments adjusted by changes in the implicit price deflator. When the claimant has filed three consecutive fiscal years of costs, no further claims need to be filed. For programs included in SMAS after 01/01/88, the annual payments are adjusted by changes in the implicit price deflator and changes in the school's average daily attendance.

A claimant who has not established a base year entitlement, may file claims as described in the following instructions to complete three consecutive fiscal years of actual costs. Where a claimant may have incurred three consecutive fiscal years of costs, and had not previously claimed those costs, the claimant may file an Entitlement Claim, FAM-43 for each of those fiscal years beginning with 1989/90 or any subsequent three consecutive fiscal years. An Entitlement Claim is for the sole purpose of establishing a base year entitlement and not for the claiming of reimbursement.

Entitlement claims should be filed with the State Controller's Office by November 30. After the claims are approved and a base year entitlement amount is determined, the claimant will receive an apportionment of the current fiscal year.

---

**B. Reimbursement Claims**

If an eligible claimant does not have three consecutive fiscal years of costs for Chapter 1176/77 to qualify for inclusion in SMAS, the claimant may file a reimbursement claim. A reimbursement claim detail the costs actually incurred for a prior fiscal year.

A reimbursement claim is defined in GC Section 17522 as any claim filed with SCO by a school district for reimbursement of costs incurred for which an appropriation is made for the purpose of paying the claim. In order for a claim to be considered properly filed, it must include any specific supporting documentation requested in the instructions.

**C. Estimated Claims**

Pursuant to AB 8, Chapter 6, Statutes of 2008, the option to file estimated claims has been eliminated. Therefore, estimated claims filed on or after February 16, 2008, will not be accepted by SCO.

**5. Filing Deadlines**

An actual claim for the 2007-08 fiscal year, may be filed by February 17, 2009, without a late penalty. Claims filed after the deadline will be reduced by a late penalty of 10%, not to exceed \$10,000. However, initial reimbursement claims will be reduced by a late penalty of 10% with no limitation. Claims filed more than one year after the deadline will not be accepted.

**Minimum Claim**

Government Code § 17564(a), provides that no claim shall be filed pursuant to Government Code § 17561 unless such a claim exceeds \$1,000 per program per fiscal year. However, any county superintendent of schools, as fiscal agent for the school district, may submit a combined claim in excess of \$1,000 on behalf of one or more districts within the county even if the individual district's claim does not exceed \$1,000. A combined claim must show the individual costs for each district. Once a combined claim is filed, all subsequent years relating to the same mandate must be filed in a combined form. The county receives the reimbursement payment and is responsible for disbursing funds to each participating district. A district may withdraw from the combined claim form by providing a written notice to the county superintendent of schools and the State Controller's Office of its intent to file a separate claim at least 180 days prior to the deadline for filing the claim.

**Late Penalty****A. Initial Claims**

AB 3000 enacted into law on September 30, 2002, amended the late penalty assessments on initial claims. Late initial claims submitted on or after September 30, 2002, are assessed a late penalty of 10% of the total amount of the initial claims **without limitation**.

**B. Annual Reimbursement Claims**

All late annual reimbursement claims are assessed a late penalty of 10% subject to the \$10,000 limitation regardless of when the claims were filed.

**6. Reimbursement**

Eligible claimants will be reimbursed on a unit cost basis for increased costs incurred to maintain immunization records and to report periodically, as required, to the State Department of Health Services on the immunization status of new entrants. This rate is provided annually, in September to school districts in the State Controller's annual claiming instructions for state mandated costs. The current rate is printed on form IR-1, Claim Summary. No reimbursement will be made if the claimant does not submit the required immunization report to the State Department of Health Services.

Reimbursement is based on the number of new entering students to a school. At the end of each fiscal year, a tally of all new students for that regular school year should be recorded. The new entrants identified should not include students previously enrolled in a school within the State.

**7. Reimbursement Limitations**

Any offsetting savings or reimbursement the claimant received from any source (e.g. service fees collected, federal funds, other state funds, etc.) as a result of this mandate shall be identified and deducted so only net local costs are claimed.

**8. Claiming Forms and Instructions**

A claimant may submit a computer generated report in substitution for form IR-1 provided the format of the report and data fields contained within the report are identical to the claim form included in these instructions. The claim forms provided with these instructions should be duplicated and used by the claimant to file reimbursement claims. SCO will revise the manual and claim forms as necessary. In such instances, new replacement forms will be mailed to claimants.

**B. Form IR-1, Claim Summary**

This form is used to compute the amount of claimable costs based on a unit cost per entrant. The cost data on this form is carried forward to form FAM-27. Claim statistics shall identify the work performed for costs claimed. The claimant must give the number of new entrants for each school in the district.

School districts and local offices of education may compute the amount of indirect costs utilizing the State Department of Education's Annual Program Cost Data Report J-380 or J-580 rate, as applicable. The cost data on this form are carried forward to form FAM-27.

**C. Form FAM-27, Claim for Payment**

Form FAM-27 contains a certification that must be signed by an authorized representative of the district. All applicable information from form IR-1 must be carried forward to this form for SCO to process the claim for payment.

**D. Form FAM-43, Entitlement Claim**

This form is used to certify the school's costs based on the unit rate established for that fiscal year for the purpose of establishing a base year entitlement. The Total Claimed Amount from form IR-1, line (09) must be carried forward to this form. No payment is made for an entitlement claim.

------------------------------	---	------------------------------

**NOTE:** Chapter 1534, Statutes of 1985, established the State Mandates Apportionment System (SMAS), a method of paying designated mandated programs as apportionments. This program is included in the SMAS. A claimant who has established a base year entitlement for this program will receive an annual payment by January 15 from the State Controller's Office. A base year entitlement is determined for each district by averaging their approved claims, (i.e., actual costs) 1981-82, 1982-83, and 1983-84 fiscal years or any three consecutive fiscal years thereafter. If a claimant has incurred costs for three consecutive fiscal years, but has not filed a claim for each of those years, the claimant may file an entitlement claim with the State Controller's Office. An entitlement claim is filed solely for the purpose of establishing a base year cost and may be filed for any or all of the three fiscal years. Once a base year entitlement has been established, no additional claim need to be filed by the claimant. Submit a separate form FAM-43 for each fiscal year that is needed to complete the three consecutive fiscal years.

- (01) Leave blank.
- (02) Enter the claimant's name, county in which claimant is located, street address, city, state, and zip code.
- (03) to (05) Enter the three consecutive fiscal years that comprise the base year.

- (09) to (11) Enter the amount from form IR-1, line (12) that corresponds to the fiscal year for this Entitlement Claim. Only one amount should appear on lines (09) through (11). Complete a separate FAM-43 for each entitlement claim. Do not enter an amount for the fiscal year in which a FAM-27 was previously filed as indicated in the checked box.
- (12) to (14) Leave blank.
- (15) to (30) Bring forward cost information as specified on the left-hand column of lines (15) and (16) for the reimbursement, e.g., IR-1, (03) means the information is located on form IR-1, line (03). Enter the information in the left-hand column. Cost information should be rounded to the nearest dollar, (i.e., no cents). Indirect cost percentage should be shown as a whole number without the percent symbol (i.e., 7.548% should be shown as 8). Completion of this data block will expedite the payment process.
- (31) Read the statement "Certification of Claim." If it is true, the claim must be dated, signed by the agency's authorized officer, and must include the person's name and title, typed or printed. **Claims cannot be paid unless accompanied by an original signed certification. (To expedite the payment process, please sign the form FAM-43 with blue ink, and attach a copy of the form FAM-43 to the top of the claim package.)**
